PSA regarding Kaizen and All Things Linux

This document covers serious crimes such as grooming and pedophilia. If you are sensitive to any of those, please do not continue reading. If you do read, it is at your own discretion.

Allegations against Kaizen

These are the most sensitive, and serious allegations. They include grooming and pedophilia. The allegations following this section whilst serious, are generally more minor. It is advised you read this section at your discretion.

By Kaizen's logic, she would much rather be a pedophile, than a furry. A bit of foreshadowing really for the upcoming situation.
Hopefully, she changes her mind after this.

i would rather be canceled for being a pedo than a damn furry 😭
KAIZEN HOT TAKES
kaizen 12:52
Just stop trying to find and create something that literally isn't there
There is no "victims", these allegations are not true
If you release that document, a lot more worse things will happen.

Yeah Kaizen - the allegations are true. Enjoy. Also this is just a flat threat. Not making it much better for yourself are you?

Victim 1

The primary allegations with actual evidence. We have chat logs for these allegations, dating back to June 2025 (about 11 months ago at the time of writing).

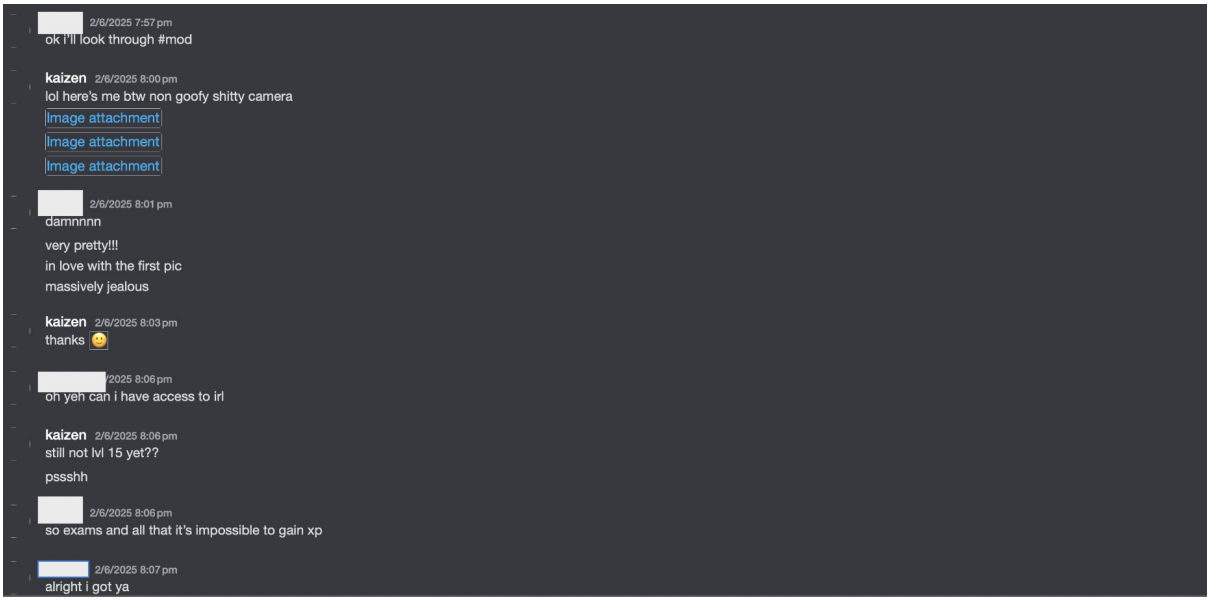
oh fuck
out of all the goddamn sayings
you are going to regret saying that
the cats dead
kaizen you are going to regret saying that
why?
kaizen 2/6/2025 7:53 pm
otter is a massive habitual troll who has been terrorizng a lot of the linux servers for like the past 6 months, dming mods/admins/etc and joining servers on numerous alts like easily 20-50 at this point, sending gore/cp/any other things, and one thing he keeps sending is a video of a kitten being tortured/killed.....
oh
kaizen 2/6/2025 7:53 pm
2/6/2025 7:55 pm
can you send links to his account. i'll ban him in a server i'm modding
kaizen 2/6/2025 7:57 pm
i cba to find them rn ngl lol

The start of the DMs between Kaizen and Victim 1 appear to be discussion of a moderation issue - nothing out of the ordinary aside from the fact that Kaizen then refuses to find the accounts / information of “Otter”, a described troll who posts disgusting content, which should be removed immediately. Although not immediately an issue, this DM leads to the opening of an initial exchange between Victim 1 and Kaizen.



In this initial conversation it is made immediately apparent that Victim 1 is still in the education system via “exams and all that”, so is at most ~25 and likely much younger given the demographics of ATL. XP refers to the leveling system in ATL which has been in place to prevent trolls from having access to specific parts of the community.

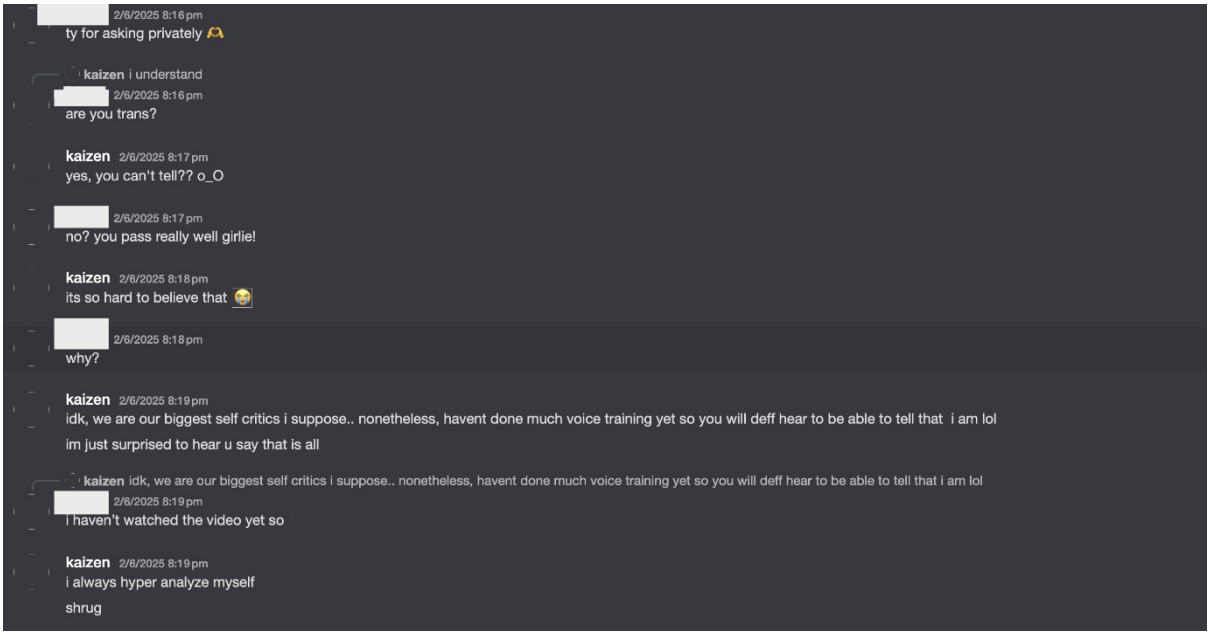
i wish i could transition
kaizen 2/6/2025 8:16 pm
i understand

Victim 1 proceeds to post an image in #irl, a semi-public forum (locked behind the aforementioned Level 15 which any member can get), as to which Kaizen proceeds to inquire on who they are. At this point in time, Victim 1 is 16 and Kaizen is 28/29. The discussion leads to general discussion about gender transition.



2/6/2025 8:16 pm
ty for asking privately
kaizen i understand
2/6/2025 8:16 pm
are you trans?
kaizen 2/6/2025 8:17 pm

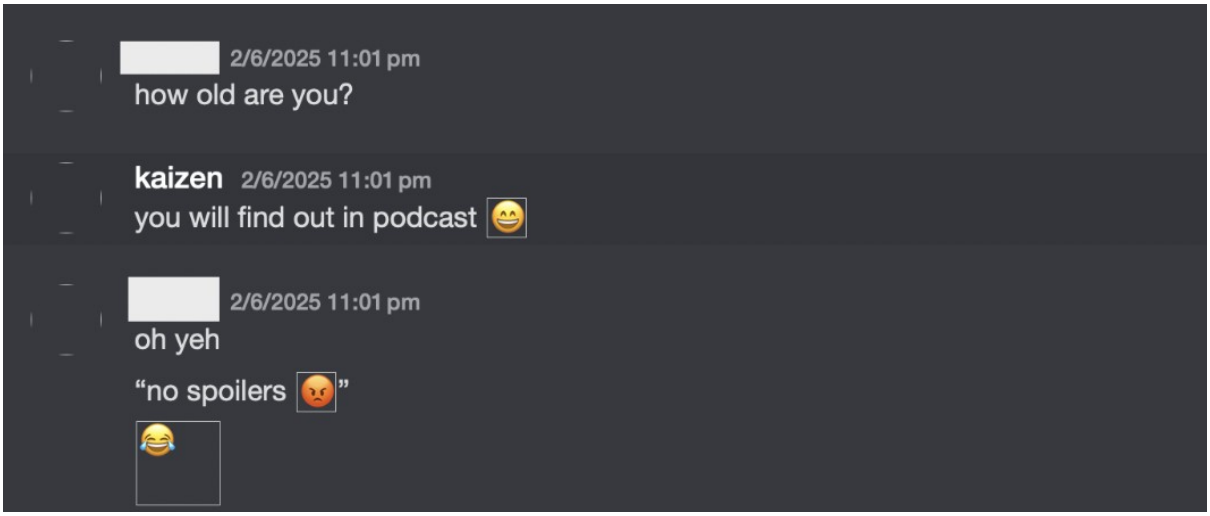
Complimenting each other back and forth.



Such an important thing should be clarified immediately, and not indirectly through a podcast, if it even ever happens.

you know what made me giggle the most out of them all tho idek why is the chess one

Victim 1 proceeded to dump parts of their camera roll, clarifying some may not be entirely safe for work. This is where Kaizen should have disengaged entirely. Regardless of intent, or amicability - at no point should a 29 year old even be engaging in such a way, especially after having avoided a question about their age.

We do not have access to the image attachments or the likes, however the proof is in the chat messages in which Victim 1 engages with them by replying “and you had a go at me”.

ngl from the rules in the server i thought you would be boring asf but you are super interesting

yeh

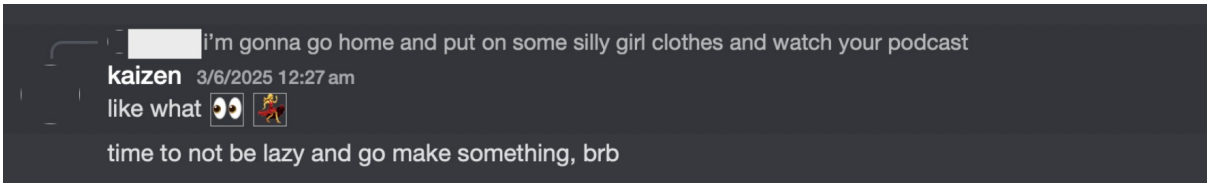
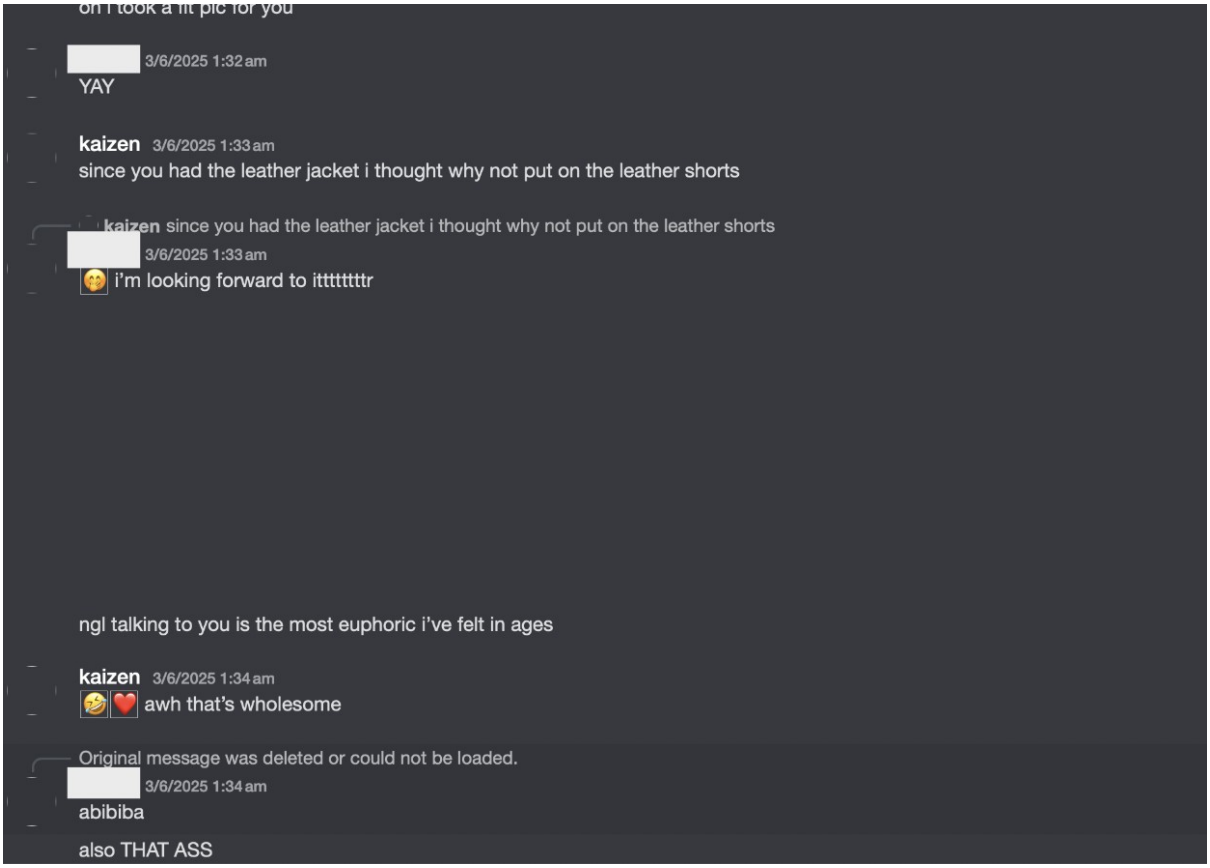
kaizen 3/6/2025 12:20 am
and mmmmm i dont think I am lol

Already showing concerns about being under scrutiny - which is exactly what is happening now - a likely indication that Kaizen knew what she was doing was wrong.



i'm gonna go home and put on some silly girl clothes and watch your podcast
kaizen 3/6/2025 12:27 am
like what
time to not be lazy and go make something, brb

“Like what?”
Not exactly incriminating, but still wrong of Kaizen to request, especially with the eyes emoji.



oh I took a fit pic for you

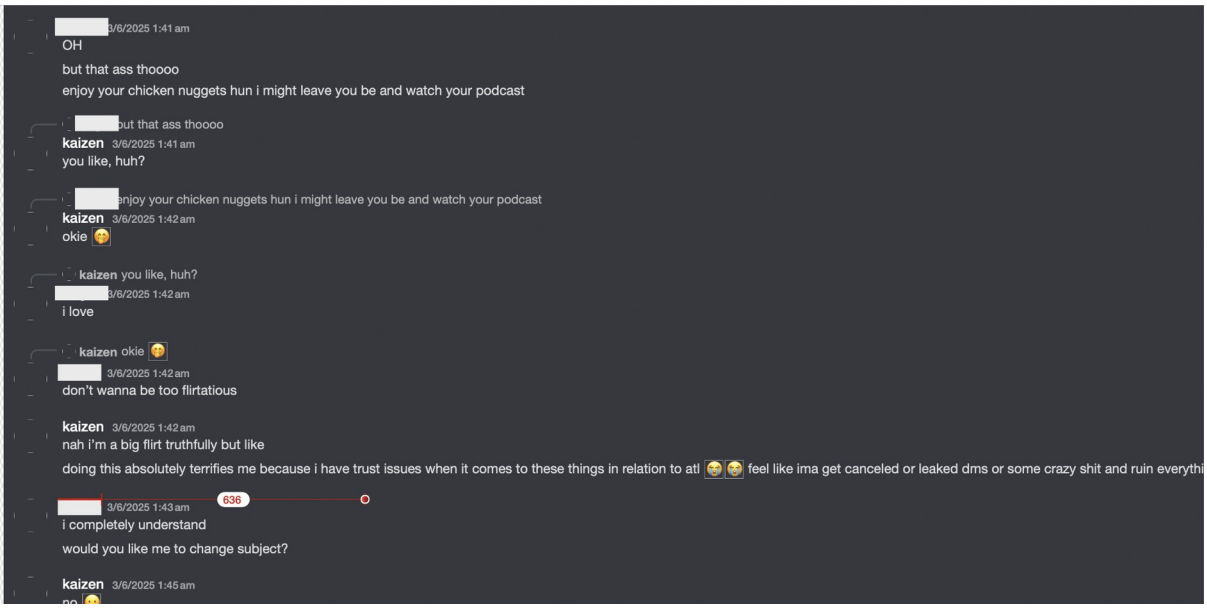
best possible outcome
kaizen 3/6/2025 1:37 am
hrt helps yes with that but

The fact Kaizen now continues to engage with this represents how Kaizen has a clear disregard for the fact that Victim 1 is a minor and is continuing their engagement -with enough knowledge to estimate Victim 1's age - flexing certain body parts.



3/6/2025 1:41 am

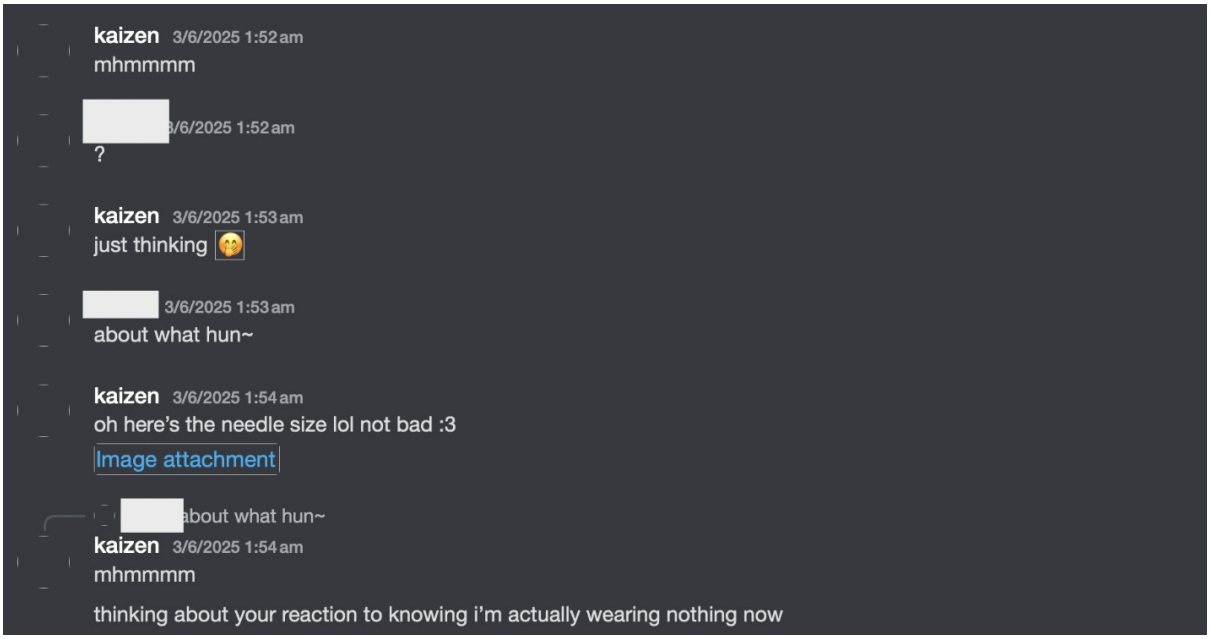
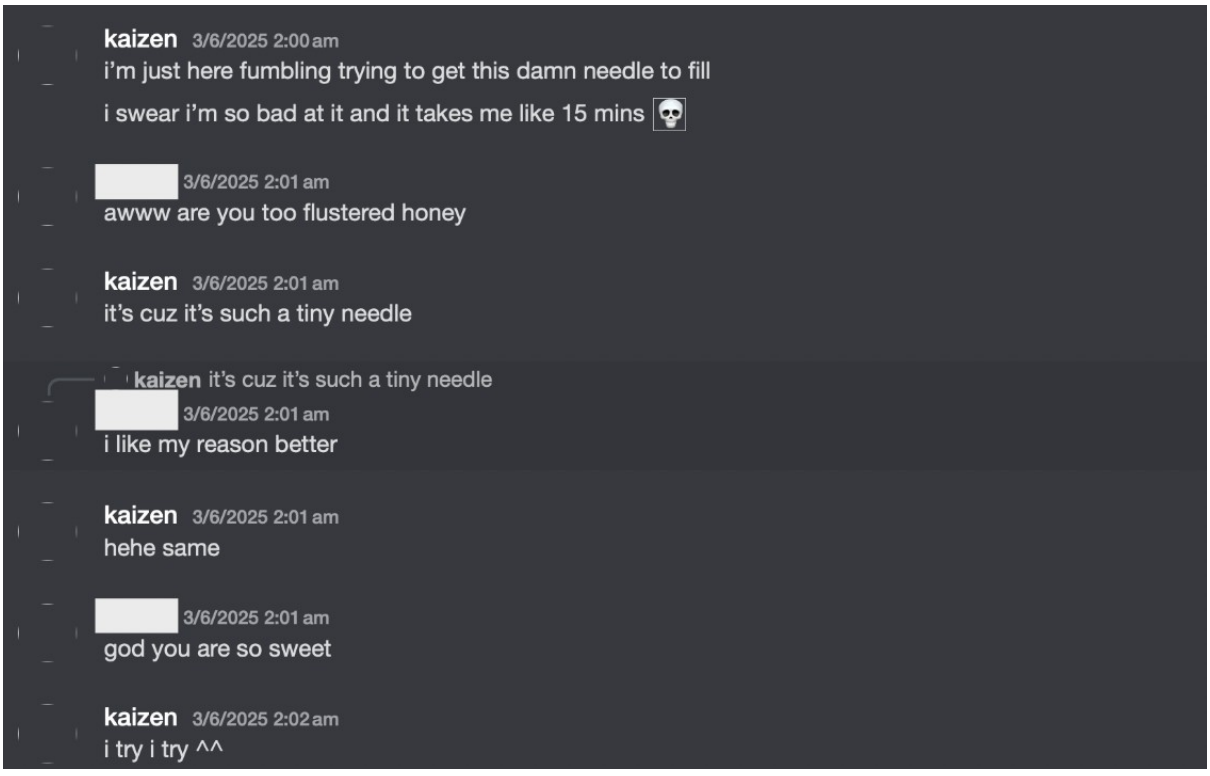
i completely understand
would you like me to change subject?
kaizen 3/6/2025 1:45 am

Kaizen is now well aware of the implications this could publicly have, yet continues to engage quoting "No" to Victim 1 request to disengage.



Kaizen has now engaged to the point of wondering about Victim 1's "reaction" to knowing Kaizen is "wearing nothing now".



kaizen 3/6/2025 2:00 am
i'm just here fumbling trying to get this damn needle to fill
i swear i'm so bad at it and it takes me like 15 mins 💀

Kaizen now engages in a conversation about bouncing. Again, with a minor.

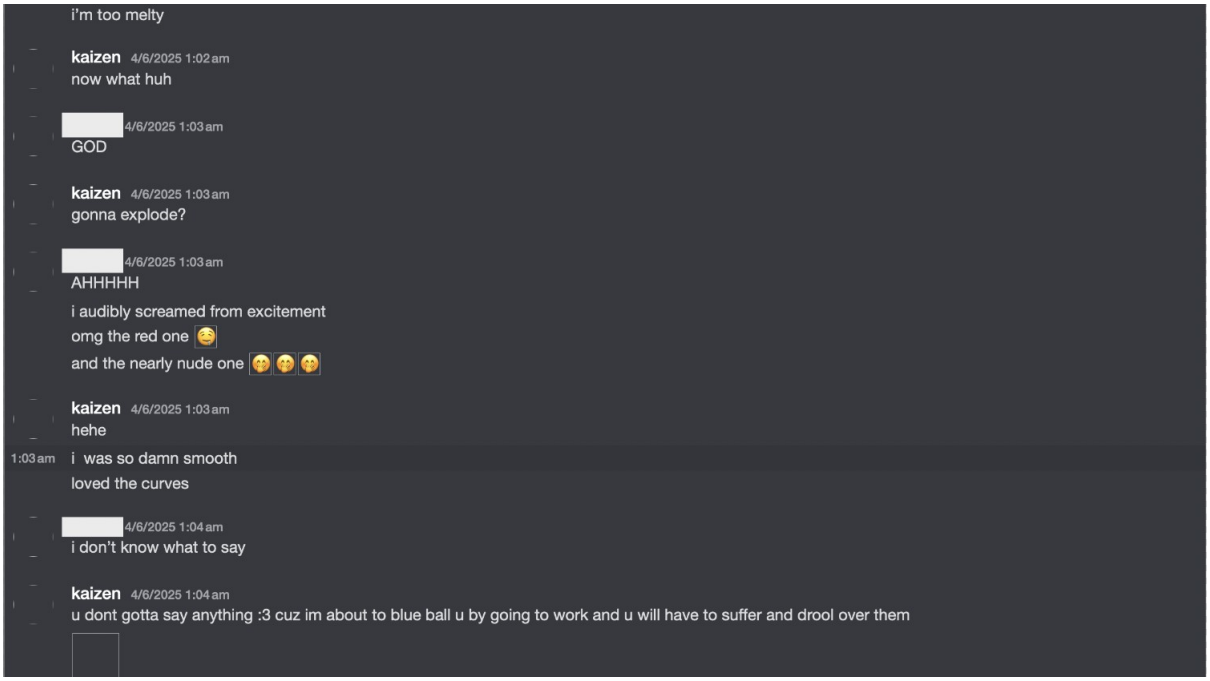
kaizen 4/6/2025 12:48 am
a lump huh..
4/6/2025 12:48 am

For context - Victim 1 jokingly asked for proof, Kaizen replied with a teasing comment, and so continued on with the conversation now questioning Victim 1's comment.



i'm too melty
kaizen 4/6/2025 1:02 am
now what huh
4/6/2025 1:03 am
GOD
kaizen 4/6/2025 1:03 am

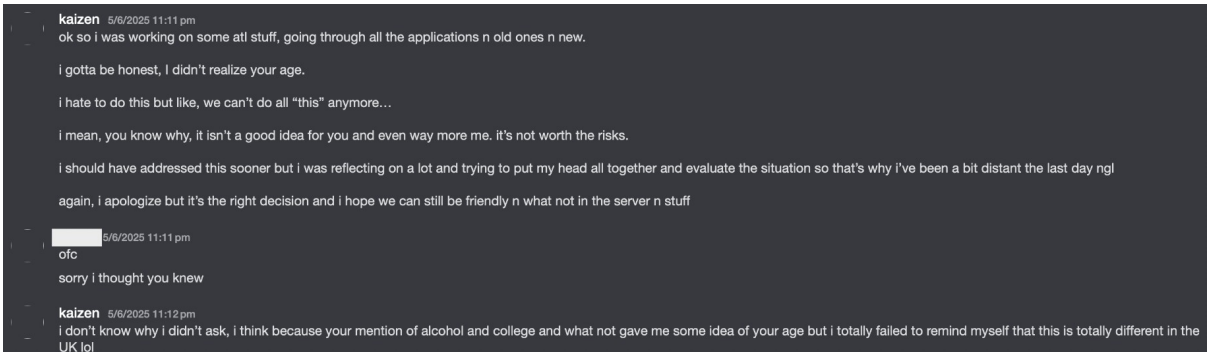
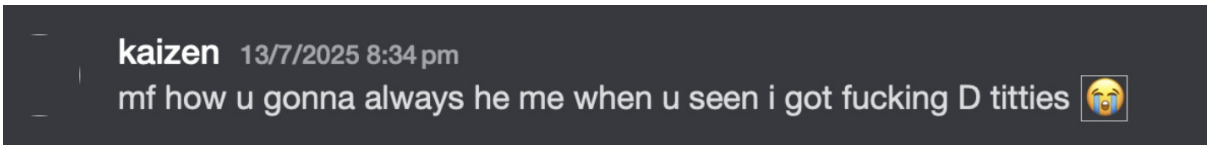
kaizen 4/6/2025 1:04 am
u dont gotta say anything :3 cuz im about to blue ball u by going to work and u will have to suffer and drool over them

The nudes sent in these photos will not be attached, as they are frankly disgusting. Including the prior 2 images, 8 nudes / sexually suggestive images were sent. At the bottom of this paragraph, "captioned" descriptions can be found.



kaizen 5/6/2025 11:11 pm
ok so i was working on some atl stuff, going through all the applications n old ones n new.
i gotta be honest, I didn't realize your age.
i hate to do this but like, we can't do all "this" anymore…
i mean, you know why, it isn't a good idea for you and even way more me. it's not worth the risks.
i should have addressed this sooner but i was reflecting on a lot and trying to put my head all together and evaluate the situation so that's why i've been a bit distant the last day ngl
again, i apologize but it's the right decision and i hope we can still be friendly n what not in the server n stuff
5/6/2025 11:11 pm
ofc
sorry i thought you knew
kaizen 5/6/2025 11:12 pm
i don't know why i didn't ask, i think because your mention of alcohol and college and what not gave me some idea of your age but i totally failed to remind myself that this is totally different in the UK lol

Kaizen now only just realizes what has happened - and shuts down further conversation, after nudes have already been exchanged, and such conversation has occurred.



Oh wait no - back to the tits.

No messages of relevance were exchanged beyond this point. General conversation occurred occasionally, including warnings for general chat infractions.

Img 2: Leather Shorts, ass sticking further out, seen earlier.
Img 3: Leather Shorts with Lingerie for an upper piece.

Img 6: Pink lingerie with fishnets, exposing some form of bulge.
Img 7: Completely nude with genitals tucked between legs.
Img 8: Black and white thigh highs, with fishnets and lingerie - seemingly with genitals exposed through it.

Victim 2

Much less proof exists regarding Victim 2 and 3. If any more proof comes out regarding them however - it will be added to the document as necessary. These images seemingly do **not** have enough proof to be solid evidence, so do not take them as solidly as victim 1 however it was seemed to be as vital for the sake of information.

We need tofucking talk
Kaizen STOPPED talking to me
After I told her my age (edited)
You think it's such a good idea to spread this around for fuck sakes?

It was a mistake on my part and isn't all what it seems. I understand how serious this appears so I want you to be 100% assured on what all happened etc. (edited)

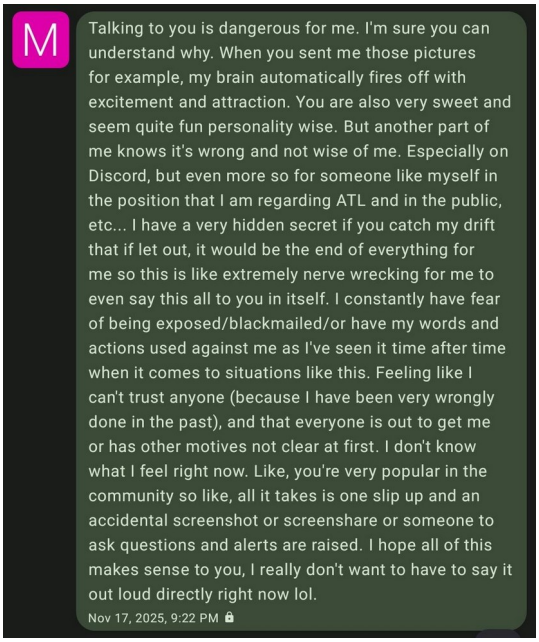
Victim 3

Victim 3 is the victim we have the least information on, but there is confirmation they exist given a leaked DM in which conversing with them is described as not only risky, but potentially life ruining. The fact that Kaizen feels it is so dangerous to even converse with this person reflects the gravity of the situation **and her knowledge that what she is doing is completely, utterly, immoral**.

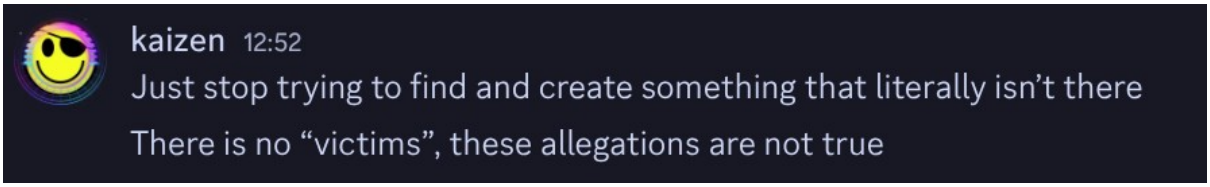


M
Talking to you is dangerous for me. I'm sure you can understand why. When you sent me those pictures for example, my brain automatically fires off with excitement and attraction. You are also very sweet and seem quite fun personality wise. But another part of me knows it's wrong and not wise of me. Especially on Discord, but even more so for someone like myself in the position that I am regarding ATL and in the public, etc... I have a very hidden secret if you catch my drift that if let out, it would be the end of everything for me so this is like extremely nerve wrecking for me to even say this all to you in itself. I constantly have fear of being exposed/blackmailed/or have my words and actions used against me as I've seen it time after time when it comes to situations like this. Feeling like I can't trust anyone (because I have been very wrongly done in the past), and that everyone is out to get me or has other motives not clear at first. I don't know what I feel right now. Like, you're very popular in the community so like, all it takes is one slip up and an accidental screenshot or screenshare or someone to ask questions and alerts are raised. I hope all of this makes sense to you, I really don't want to have to say it out loud directly right now lol.
Nov 17, 2025, 9:22 PM

The screenshot also acknowledges the existence of said images which proves some form of illegal, grooming activity has been partaken in. The consistent fear of being exposed, blackmailed and the likes is likely because of this exact secret.

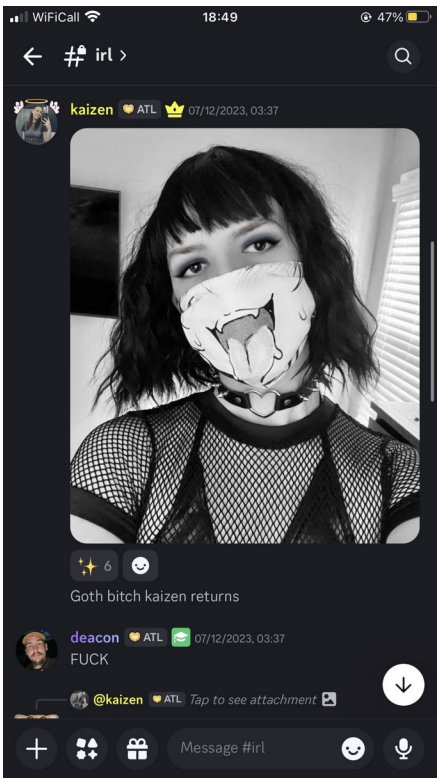
Closing Statements regarding Kaizen

These screenshots really didn’t fit into other sections, but they are believed to be as important as any other screenshot being represented in this document as they continue to shed light upon the situation.



kaizen 12:52
Just stop trying to find and create something that literally isn’t there
There is no “victims”, these allegations are not true

Once these came to light generally, Kaizen attempted to represent these allegations as not true. If you have read this document in its entirety though - you’d know that this is a lie and these allegations have found evidence and proof.



Also posting this image in the PUBLIC #irl channel, with minors in which she also enforces the rules of No NSFW content during discussions with general people.

General Team Disregard

This covers a general team disregard for grooming allegations, and a seeming lack of respect in many other domains.

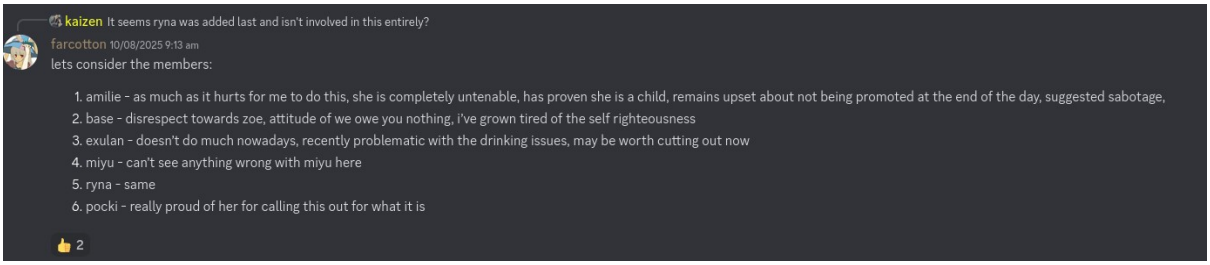
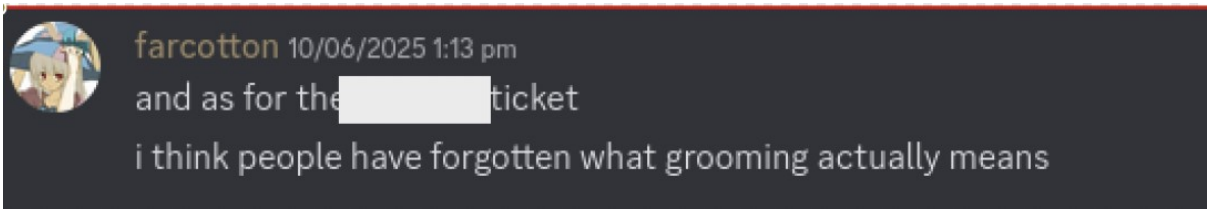
ey / em is a new one
holy wrong pronouns tho kz

Also, we don’t do neopronouns apparently. Sure Cotton. Thanks.



kaizen It seems ryna was added last and isn't involved in this entirely?
farcotton 10/08/2025 9:13 am
lets consider the members:
1. amilie - as much as it hurts for me to do this, she is completely untenable, has proven she is a child, remains upset about not being promoted at the end of the day, suggested sabotage,
2. base - disrespect towards zoe, attitude of we owe you nothing, i've grown tired of the self righteousness
3. exulan - doesn't do much nowadays, recently problematic with the drinking issues, may be worth cutting out now
4. miyu - can't see anything wrong with miyu here
5. ryna - same
6. pocki - really proud of her for calling this out for what it is
2

Also the October events? Self admitted it was basically pointless. (Also apparently I’m a child.) There was never one apology, they decided to make a smear campaign instead, relying on the average person not reading everything.



Uh huh, grooming has no definition.

Same situation as the prior screenshot, this time Scott also mocking it.
